### DETAILED ACTION

This Office action is responsive to the amendment filed on August 29, 2005.

1. Claims 1-7 and 9-17 are allowed and renumbered as 1-16, respectively.
2. The following is an examiner's statement of reasons for allowance:

The prior art taken either singly or in combination fails to anticipate or fairly suggest, among other things, the method step of *maintaining the temperature of the metallic material below a glass transition temperature of the non-metallic material prior to induction heating at the die-attach position*, as recited in independent claims 1 and 9, and this step could not easily be conceived of even by a person skilled in the art in the light of the features disclosed in the cited prior arts.

Since claims 2-7 and 10-17 each directly or indirectly depend on claim 1 or claim 9, they are also allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Luan Thai whose telephone number is 571-272-1935. The examiner can normally be reached on 6:30 AM - 5:00 PM, Monday to Thursday.
